### **2.0 Chairperson's Report**

Chairperson Prof. Kaimin SHIH reported that it was not an easy year for HKWMA and everyone under the current unprecedented pandemic. It was disappointed that the AGM would have to be a virtual meeting instead of a physical meeting, and sorry to fail some of the members' expectations. Chairperson thank you for all the members' unfailing support to HKWMA and their understandings during this pandemic.

The first virtual 27<sup>th</sup> AGM was held on 28 September 2020 due to ongoing COVID19 social distancing restrictions. However, activities after January 2020 were severely impacted, and the HKWMA efforts had migrated to online media and platforms with articles being published in the newsletter to allow the association to offer views and opinions to the public of best practices. For example, the HKWMA remained actively engaged with Government and attended the recent online consultation for the Policy Address to highlight the importance of MSW Charging to reduce waste and the need to kick start legislations that have been put on hold prior to the Legco summer recess.

On 25 November 2020, HKWMA invited Mr. Harold Yip, Founder of Mil Mil Recycling Plant, to come to deliver an online seminar, introducing his journey of establishing and operating the Mil Mil Recycling Plant for treating drinks cartons.

On 21 April 2021, we were very pleased and honored to have the Secretary for the Environment, Mr. WONG Kam-sing, GBS, JP, to come to deliver the "Waste Blueprint for Hong Kong 2035" seminar at our virtual Spring Reception. Mr. Wong also had a rich interaction with our members in Q&A section.

On 28 May 2021, the Young Members Committee had organized a technical visit with 20 members to the processing plant of Billie Upcycling located in Tai Po Industrial Estate. Billie Upcycling
