

## FHKI Group 26 (Environmental Industries Council)

# Tokyo De-Carbonisation Tour

14 – 18 March 2023

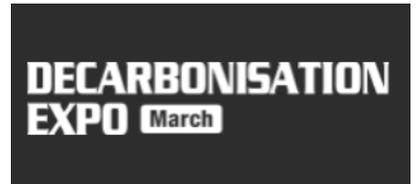

"As well as declaring its goal of reducing its greenhouse gas emissions to net-zero by 2050, Japan declared that it aims to reduce its greenhouse gas emissions by 46% in FY 2030 from its FY2013 levels, furthermore, it will continue strenuous efforts in its challenge to meet the lofty goal of cutting its emissions by 50%." [<Annual Report on the Environment in JAPAN 2022>](#)

### Highlights of the Tour

#### **The 2<sup>nd</sup> DECARBONISATION EXPO** **(15-17 March, Tokyo Big Sight)**

An exhibition gathering decarbonisation solutions such as Corporate PPA, Renewable Energy, Technology for Energy Management, Net Zero Energy Building, Next-Gen Ventilation, etc.

Those who are in charge of corporate management, executive board, corporate planning, factory/building management, etc. will visit to find decarbonisation solutions. [<Expo website>](#)
