Date : 27 September 2023 (Thursday)  
Time : 6:00 pm to 6:45 pm  
Venue : United Services Recreation Club & Virtual Meeting  
Present : 80 members

### **1.0 Minutes of 29<sup>th</sup> Annual General Meeting**

The minutes of the last AGM was circulated via email to all members prior to the meeting. No further comment was received. The minutes was confirmed and adopted.

### **2.0 Chairperson's Report**

Chairperson Ir Norman Cheng reported that 2023 was not an easy year for HKWMA and everyone under the recovery from unprecedented pandemic. It was grateful that this year AGM was a physical meeting. Chairperson thank you for all the members' unfailing support to HKWMA and their understandings during this pandemic.

HKWMA has taken an unprecedented role this year as it was invited by ReThink 2023 to co-organise the session on the 1st day of the event. ReThink 2023 was fruitful and with lots of good feedback, HKWMA considered there will be positive impact to the association on its participation and therefore accepted the invitation to be co-organiser again for ReThink 2024.

On 22 July 2023, the Young Members Committee had organized a technical visit with 20 members to Vannex International. The visit commenced with a discussion on the challenges of the waste electronic and electric equipment recycling industry in Hong Kong. Through the introduction from the representative of Vannex, Members learnt that although rechargeable batteries can be reused and are more environmentally friendly than disposable batteries, if they are not properly disposed of after use, they can still have negative impacts on the environment.

On 9 March 2023, HKWMA organised a new style of social gathering / discussion platform with the topic on "Role and opportunity of Waste Management in Decarbonisation". Over HKWMA 40 members joined this wonderful event together, including professional members, young students and new members. Our chairman Ir Norman Cheng welcomed members to join and started the discussion with our members on role and opportunity of waste management in Hong Kong.

The on-going success of the waste management sector is reliant on inspiring new talent to join the industry and for them to be inspired by the impactful difference a career in waste management will offer. Our chairman Ir Norman Cheng and vice chairman Ir Prof. Dan Tsang gave career sharing for engineering students in The Hong Kong Polytechnic University on 10th
