Programme Highlight

Carbon Capture Plant Visiting (CS Tech Solution Limited)

CS Tech Solution Limited is a leader innovator in the field of carbon capture and utilization (CCU), pioneering technologies that mitigate greenhouse gas emissions and transform CO₂ into valuable products. This visit provides an opportunity to gain firsthand insight into the company's innovative approach to sustainable solutions.

Participants will explore CS Tech's advanced carbon capture systems, which integrate cutting-edge technology to efficiently capture and liquefy CO₂ from industrial processes. Through in-depth discussions with experts, visitors will understand how these solutions reduce environmental impact while creating economic opportunities.
